Subject: Waste Transfer Station in Fyshwick proposal
Date: Monday, 25 June 2018 5:41:53 PM

Dear Sir/Madam,

I live in Griffith ACT, and am concerned about locating a waste transfer facility in Fyshwick. I believe this is a very bad idea from the research I have done and meetings I have attended. Just some of the issues of concern are:

- the increasing traffic congestion along Ipswich Street, and I would presume, also affecting Canberra Avenue.
- The potential for travel of smell across the inner South area of Kingston, Narrabundah and Griffith.
- Potential loss in property value for residents of this area
- danger of bird strike with planes from the proximity to the runway at Canberra airport

I urge you to take these considerations seriously, and also other concerns which I'm sure other concerned citizens have raised.

Yours sincerely
