EPD
ACT Government

Dear Sir/Madam,

I am writing as a Fyshwick Lease holder, and business operator.
This proposal is clearly a noxious trade, and also clearly not permitted by way of the Lease Purpose Clause, on the nominated site.

I would also object on the grounds of :

Traffic congestion

Proximity to retail businesses

Proximity to existing residential properties Proximity to proposed residential areas Noxious impact downwind of the facility (ie. the whole of Fyshwick) The objectionable notion that the ACT proposes to transfer its waste and responsibilities, to NSW.

Yours faithfully
