PROJECT UPDATE

Block 25 Section 31 O'Malley

In July 2019, the Transport (Traffic and Parking) Impact Assessment for the site was presented to the Woden Valley Community Council and comments invited. The assessment has now been finalised to include comments and feedback received from the community. See the [assessment](#) on the [project website](#).

Next steps

While the ACT Government has no immediate intention to release the site for sale and development, the appropriate future use of the site does need to be considered. For more details about the next steps for the site visit the [project website](#).

Thank you
