To Whom It May Concern

It is hard to believe that possibly up to 230 trucks a day dumping waste on land on Ipswich Street, Fyshwick, could seriously be considered by the ACT Government. Ipswich Street is one of the main thoroughfares from Canberra Avenue through to the central and far side of Fyshwick, and further to the airport.

Ipswich Street is not far from a natural stream and the residential suburb of Narrabundah.

Presumably the reason the Mugga Lane Tip was situated away from residential suburbs was to keep putrescent rubbish as far away from residents as possible. Why would the Government decided to bring rubbish of any kind into a populated area?

I strongly object to the proposed Fyshwick Waste Facility.

Yours faithfully
