Security: UNCLASSIFIED

Dear Dominic,

Thank you for your invitation to make comment on the Draft EIS document DA 201700063 for the proposed materials recovery facility at Block 9 and 11 Section 8 Fyshwick. This site is partially situated within 200 m of the centreline of the Monaro Highway which is defined as an Approach Route under the National Capital Plan (The Plan). The NCA has taken the view that this site doesn't front the Approach Route so will not require a Development Control Plan.

We look forward to being referred to at the DA level down the track.

Kind regards

Olivia

Olivia Stafford | Planning Officer
National Capital Authority
