Dear Sir/Madam,

I wish to make a submission to the EIS currently on display for this project.

I live in [REDACTED] MacArthur and we often get strong smells from Mugga Lane. It can be particularly bad on very still mornings, on such occasions we simply have to stay indoors. It is a pity that on certain occasions we cannot enjoy sitting on our back verandah. I think any proposal to reduce the amount of waste going into Mugga Lane should be supported. I hear of people saying the Capital Recycling proposal is a good idea but 'not in my back yard'. I wish I could say the same for Mugga Lane - I wish it was 'not in my back yard'. I wish Capital Recycling good luck and I hope they are successful, Mugga Lane is a disgrace.

Kind Regards

[REDACTED]
