Subject: NI 2018-27 Application No: 201700053 Submission opposing the MRF at Fyshwick
Date: Sunday, 17 June 2018 10:17:38 AM

To Whom it my concern,

I am writing to oppose the application for a the proposed Fyshwick Material Waste Facility (MRF).

We moved to Canberra in 1996 and chose Narrabundah as it was the closest and cleanest suburb in Canberra. it was really important to us that the air was clean as my husband was a chronic Asthmatic, and so was my daughter. We have the mailing centre and fyshwick markets across the road and the trucks that come in there can at time be quite noise and makes driving very concerning at times. We do not have the infrastructure to support more trucks on our roads between here and fyshwick.

with the the refap of the majura park it is a very busy road already.

I believe that the area is still one of the cleanest in Canberra and with Narrabundahs aging population the last thing we need is more traffic,and pollution.

We have a waste disposal centre at Mugga lane and it if the government wants to put money into better recycling programs support mugga lane and existing business instead of bring in another company from outside canberra that doesn't care about canberra at all.

Yours sincerely
