# NATIONAL CAPITAL DESIGN REVIEW PANEL

## Design Review Project Information Form

The information provided in the Project Information Form builds on the initial details provided in the Application for Design Review Form. This information will inform the briefing package that is reviewed by the Panel prior to the session that includes the proponent's presentation material, project information, site context, planning controls, entity comments and other important background items.

The Project Information Form and Presentation Material is to be submitted to [designreview@act.gov.au](mailto:designreview@act.gov.au) a minimum of ten (10) working days prior to the scheduled session date. Please see 'Drawing requirements for design review' for Presentation Material requirements. For any questions please contact us via the email above.

### Presentation to the panel

Presenter:

List up to five additional people to assist with the presentation or answer questions. Attendance at panel sessions is at the discretion of the ACT Government and the National Capital Authority.

Name	Company	Email	Telephone
------	---------	-------	-----------

## Part 1 – Project description

Please provide one to two paragraphs under each heading discussing how the proposal addresses each item. It is recommended that the design team complete this section, noting that the responses will be provided to the Panel in the briefing package ahead of the design review session.

**Design statement:**

**Site context:**

**Built form:**

**Public domain:**

**Access:**

**Sustainability:**

## Part 2 – Statutory compliance

The Panel is briefed on the statutory planning requirements applicable to the site ahead of the session. For the Panel to discuss design advice that is considered in association with the statutory planning requirements, please briefly outline the relevant statutory planning requirements and describe any parts of the proposal that depart from a statutory requirement or address criteria when a rule is not satisfied. Decisions regarding planning applications remain with the relevant approval authority.

### Current Planning Controls
