I am strongly opposed to this ridiculous idea being proposed so close to where people work and live. Not to mention the congestion on the roads in that area already. Please re think this silly idea. If such a facility is to be constructed, then do it far away from homes and businesses and close to a major easy to access road!! Really sorry to be here in Canberra when such stupid ideas get the light of day on them. Canberra would be spoiled for ever if this went ahead in that location.
