To Whom It May Concern

I am writing to voice my concern at the proposed waste facility in Ipswich Street, Fyshwick.

I have lived in Canberra for over 30 years and enjoy the rich diversity of Fyshwick but consider this new proposal to be an inappropriate use of space in what is a primarily retail business suburb.

The nature of waste facility operations and the effects on surrounding businesses and consumers are not in my view best practice in formulating government policy for Canberra.

The very nature of a waste facility demands a site away from commercial retail and residential areas. It is both prohibitive in terms of dust, noise and traffic increases and may even have legal ramifications for the government should these impacts prove too unwieldy for Fyshwick businesses.

Please reconsider the location of this waste facility being mindful of the effect on surrounding businesses and Canberra consumers.

Regards
