Submission Against
Draft Environmental Impact Statement Materials Recovery Facility Fyshwick, Section 8, Blocks 9 & 11 Capital Recycling Solutions
Application Number 201700053

- I am the owner of a business small business in Fyshwick. All of the employees at [REDACTED] need to come through Fyshwick.
- We work Monday – Saturday. This Recycling Centre would cause far too much traffic in Fyshwick. This increase in traffic would severely disrupt my day to day business activities. Whilst also increasing the amount of wages paid not working but travelling to and from Fyshwick.
- Potential fire hazard to surrounding area, as per the recent fire in Beard.
- Increased number of vermin in the Fyshwick area due to increased levels of garbage. Which is a potential health risk to all.
