Subject: Draft Environmental Impact Statement Materials Recovery Facility Fyshwick, Section 8, Blocks 9 & 11 Capital Recycling Solutions
Date: Wednesday, 20 June 2018 3:17:02 PM

Submission Against
Draft Environmental Impact Statement Materials Recovery Facility
Fyshwick, Section 8, Blocks 9 & 11 Capital Recycling Solutions

Application Number 201700053

To whom it may concern,

I am a long time customer and now employee of [REDACTED] - A
business located in the area of the proposed waste facility.

The level of traffic in this area already causes daily frustration when
needing to get to or from a location. Small trips are elongated by the
gridlock traffic that already exists in the area.

Adding more commercial trucks that make daily routes in this area would
decrease number of customers that are willing to commute to our business
to view the showroom. There is also health worries as there is more
vehicle emissions and a louder background noise.

There are more viable options for this facility that do not harm
Australian businesses
