

Project update – 14 June 2019

Block 25 Section 31 O'Malley

The intended release of Block 25 Section 31 O'Malley remains on hold and has been removed from the ACT Government's Indicative Land Release Program. This decision was taken in February 2018 to allow for further investigation into the matters raised by the community, particularly in relation to traffic and parking impacts. When the status of this block changes, the community will be informed.

The new traffic and parking assessment commissioned for Block 25 Section 31 O'Malley has been completed and can be found [here](#).

The outcomes of this study and next steps for the site will be presented at the Woden Valley Community Council public meeting on Wednesday 3 July 2019. For more details about the meeting, visit <https://wvcc.org.au>.
