Subject: Waste disposal facility in Ipswich St Fyshwick
Date: Sunday, 24 June 2018 6:53:07 PM

To whom it may concern

I wish to express my strong objection to the proposed waste disposal facility in Ipswich St Fyshwick. This will be very detrimental to many businesses in the area which have been operating there for many years. The increase in heavy vehicle traffic and noise will have a negative effect on how these businesses operate. This facility should be placed in a heavy industrial zone and not in a retail, light industrial area.
