Draft Environmental Impact Statement, Materials Recovery Facility Fyshwick, Section 8, Blocks 9 & 11
Capital Recycling Solutions
Application Number 201700053

I wish to register that I strongly oppose the approval of the materials recovery facility being located on blocks 9 & 11 section 8 Fyshwick.

As a regular client of many small businesses around Fyshwick I do not believe that a large scale waste facility would be compatible in this area and would force many out of business.

The increased traffic and smell would detrimentally impact a growing area providing many jobs and services to the community. I urge you to consider alternative sites that would not impact such an important area for Canberra.

Thanks,
