Subject: Submission - Materials recovery facility - Fyshwick - EIS application 201700053
Date: Sunday, 3 June 2018 5:51:13 PM

To: Chief Planning Executive,

I wish to object to the proposed facility, on the basis that incinerating material in proximity to a residential area is inherently detrimental to residents' health.
In practice, measures designed to ameliorate detrimental effects are often not implemented and/or maintained.

It is unacceptable that, in 2018, such a proposal can be considered.
