Subject: I do not approve the propose waste transfer facility in Fyshwick
Date: Tuesday, 19 June 2018 7:02:44 PM

Dear Madam/ Sir,

I'm writing to put forward my strong objection to the proposed Capital Recycling Solutions waste transfer facility in Fyshwick. This facility should be rejected on the grounds of: odour issues to residents and shoppers in Fyshwick, traffic congestion along Canberra Avenue and Ipswich St, fire risks and the danger of bird strikes to airplanes landing at Canberra airport. An alternative plan should be developed that avoids these issues.

Sincerely,
