Subject: Opposition to Fyshwick Waste Management Plan

Categories: Green Category

Good afternoon

My name is [REDACTED] and I am a resident of Narrabundah. I am opposed to the proposal of the Waste Management System to be established nearby in Fyshwick.

My opposition to this is based on the following key points:

- * air pollution (including ash) can impact my breathing and that of my Daughter
- * The risk of serious health impacts to myself and my family due to the risk of pollution from the plant and increased traffic flow that will come through to support the plant
- * I am also aware of some neighbourhood children with severe medical conditions that will be impacted by this.

Thank you,
[REDACTED]
