Dear Sir/Madam,

I write in support of the Fyshwick recycling proposal. I drive along the Monaro Highway at least 6 times every day as part of my job. I have been doing so for more than 12 years. The litter and roadside waste debris around Hume is getting worse every year. On very windy days with strong westerlies you will always see plastic bags and paper blowing out of Mugga Lane. If the CRS Fyshwick proposal can become an alternative to the open-air tip at Mugga then I think that is a good thing.

Regards,
