Subject: Proposed Fyshwick waste facility
Date: Sunday, 17 June 2018 6:51:03 PM

As a resident of the inner South I strongly object to the proposed Fyshwick waste facility.

The proposed site for the facility is in close proximity to inner south residential suburbs (Narrabundah, Griffith and Kingston likely to be most affected) and more importantly to current food markets. The inner south is currently not well supplied with primary food purchasing outlets and to impinge on what we do have by odours and even the risk of airborne pollution is most unreasonable.

The extra traffic that the facility would cause on the major roads leading to the site is also an undesirable burden on what has become one of the city's most heavily congested traffic areas.

Fyshwick is not the site for such a waste facility.
