Subject: Materials Recovery Facility Fyshwick Application number 201700053.

Categories: Green Category

My Partner and i think this is a crazy move it would be an absolute disaster for fyshwick and very dangerous to have a large number of large heavy trucks on the roads and streets around fyshwick that are not built or designed to handle this punishment.

Please reconsider the Hume commercial area is a lot smarter opposition for this type of Facility.

Regards [REDACTED] have a nice ady.
