Dear Sir/Madam

I wish to express my deep concern and disgust at the proposal to contaminate a large area of South Canberra by this unbelievable proposal.

I have been a resident of South Canberra for over 80 years, and a Griffith resident for over 60 years, and this is the most disturbing news I have had about our beautiful city in all that time – and that is saying something!

Whatever is happening to our “bush capital”?

Please re-consider this devastating and unbelievable decision for the sake of the health and comfort of many thousands of residents and visitors.

Yours in hope
